

# TAKE A STROLL

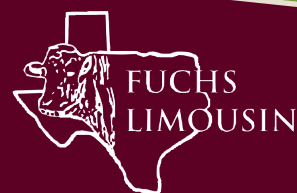

*Through Our Pastures*

As you cruise our pastures you will not find pampered cattle wearing the FOXS tattoo, but you will find honest cattle that earn their keep. Our productive and functional momma cows get the job done while maintaining abundant fleshing ability and eye appeal. They also tout trait-leading EPDs that prove where they come from, where they are going and what they can do. We are really excited about our fall and spring babies. These high quality calves are sired by our elite herd sires and some of the breeds best AI-sires. We look forward to showing them all to you.
